CAREER OBJECTIVE

Computer Science undergraduate with practical experience in React, Java, and MySQL, seeking an entry-level software development role. Skilled in building responsive user interfaces and integrating frontend with backend services, with hands-on full-stack project experience. Eager to contribute to real-world development teams, solve meaningful problems, and grow toward becoming a well-rounded full-stack developer.

EDUCATION

B.E. in Computer Science and Engineering Sep 2023 – May 2027
KCG College of Technology, Chennai
CGPA: 8.2

Higher Secondary (Class XII) Jun 2022 – Mar 2023
Kalaimagal Vidhyalaya Matriculation Higher Secondary School, Karaikudi
Percentage: 85%

TECHNICAL SKILLS

Programming	: Java, C
Frontend	: HTML5, CSS3, JavaScript, React.js
Backend	: Servlets, JDBC
Database	: MySQL
Development Tools	: GitHub, VS Code, IntelliJ IDEA, Eclipse IDE
AI Tools	: ChatGPT, Claude, Gemini, GitHub Copilot, Perplexity

PROJECTS

Recipe Finder – Full Stack Web Application github.com/veera177/recipe-finder
Technologies: Java, JavaScript, HTML5, CSS3, React.js, Servlets, JDBC, MySQL, REST API

- Developed a full-stack web application enabling users to browse, search, filter, and paginate recipe listings through a responsive interface.
- Integrated a React-based frontend with a Java Servlet backend and MySQL database, implementing REST API communication between layers.

Anywhere – Multi-Purpose Delivery Application github.com/veera177/anywhere
Frontend Project | Technologies: JavaScript, HTML5, CSS3, React.js

- Developed a responsive frontend for a district-based hyperlocal delivery platform enabling users to order food, groceries, medicines, and courier services from local providers within their district.
- Implemented reusable React components, dynamic routing with React Router, and district-wise navigation flows to ensure a consistent, scalable user experience across all four service modules.

INTERNSHIP

Web Development Intern 16 Jun 2025 – 30 Jun 2025
Letsify Sigma4Solutions, Karaikudi

- Worked on frontend development tasks using JavaScript and React, contributing to component-based UI development while gaining practical exposure to responsive design and modern web development workflows.

CERTIFICATIONS & ACHIEVEMENTS

- React Fundamentals – Udemy
- Introduction to Software Engineering – Coursera
- Participated in Innothon 2024 as a Frontend Developer, contributing to UI development and frontend implementation.
